Lesson Plan

Make a Felt Doll

Description

Students will create an imaginative doll from felt material, each in their own unique style. A cut out felt doll is provided to students. The students draw faces and are taught to hand stitch, stuff, and make clothes for their dolls. You can have the children write a story later about their doll. I have found the boys loved this project even more than the girls!

Number of Sessions required

2

Length of each Session

2 hours

Total Project Length

4 hours

Grade Levels

4th and 5th

Space and equipment requirements

No special requirements

Materials needed and cost

The artist supplies "safe" needles and thread, felt, stuffing, and decorating materials. Materials cost: \$5 per student
